THE TRUTH ABOUT SPORT  
IS NEVER A KNOCK

## BASKETBALL THE GAME WITH PUNAHOU GIRLS AT PRESENT; GAME SCHEDULE IS ANNOUNCED

The Punahou girls are going into basketball this year with a vim and vigor that is sure to bring good results. The first team has been named, and the squad is turning out daily for practice. The first game of the season is to be played on Monday, November 11, with McKinley. The McKinley girls have been working hard in practice and the game is sure to be a good one.

Punahou had a larger turnout this year than she has had for several years. More than twenty girls turned out for basketball, and from this large number the ten who will play on the first team were chosen and are as follows:

Forwards, Mela Williams, Ruth Bert Lemann, Ruth Anderson, Ruth Soper, Centers, Elizabeth Low (captain), Marie McVeigh, Violet Austin; Guards, Palla Campbell, Violet Kamopili, Geraldine Berg.

The second team has not been chosen yet as many of the girls who will play on it were trying for places on the first team and now, new tryouts will have to be held in order to choose the players for the second team.

The girls who will take part in the second team tryouts are:

Alice Varborough, Daphne Damon, Laura Low, Margaret Jones, Elizabeth Pratt, Myrtle Schumann, Mary Forrest, Thelma Murphy, Eloise Wickman, Katie Singlehurst, Grace Johnstone, Gladys Halestead, and Ruth Farrington.

With such a large number to choose from, and all good players, the second team will not be far behind the first team, either in spirit or in playing.

Both teams have very promising schedules for the season and are as follows:

First Team Schedule.

Nov. 11—McKinley vs. Punahou, at McKinley.

Nov. 15—Punahou vs. St. Andrew's Priory, at Punahou.

Nov. 22—McKinley vs. St. Andrew's Priory, at Priory.

Nov. 25—McKinley vs. Punahou, at Punahou.

Nov. 29—Punahou vs. St. Andrew's Priory, at Priory.

Dec. 2—McKinley vs. St. Andrew's Priory, at McKinley.

Second Team Schedule.

Nov. 18—McKinley vs. Punahou, at Punahou.

Nov. 21—Punahou vs. St. Andrew's Priory, at Priory.

Dec. 5—McKinley vs. St. Andrew's Priory, at McKinley.

Dec. 9—McKinley vs. Punahou, at McKinley.

Dec. 12—Punahou vs. St. Andrew's Priory, at Punahou.

Dec. 16—McKinley vs. St. Andrew's Priory, at Priory.

Three in League.

The interschool basketball league consists only of the three schools Punahou, McKinley and St. Andrew's Priory. Kamehameha girls expected to have a basketball team this year as they have had in former years but they were unable to on account of having no grounds. Their old grounds were destroyed by the erection of a new building but new grounds are under construction and will be ready soon.

If any of the games between two of the schools in the league end in a tie, the deciding game or games are to be played in the latter part of December.

With the Punahou girls, basketball marks the beginning of their athletic season and probably plays the most important part in it. The basketball teams they turn out are always good and from the looks of things, this year's team is no exception.

## MATHEWSON STILL KING-PIN TWIRLER OF THE BIG BRUSH

Recent World's Series Enhanced Already Great Reputation and 'Big Six' Won't Quit

Following the world's series came a report that Christy Mathewson, the Giant's peerless box artist, was going to quit the game for good and all, and engage in straight business. The report gained some credence, but from New York comes the most vigorous denial.

The games against Boston which Matty lost through the hardest knifed baseball luck boosted his already great reputation, and he now has the public with him faster than ever before.

"There isn't enough money in baseball to buy 'Big Six,' Manager McGraw is quoted as saying, 'while back.' 'Why his drawing power at the gate is equaled only by that of Maude Adams at the box office. This club wouldn't be the Giants without Matty.'"

And McGraw is right. Mathewson probably has a larger following than any man in baseball, and from all accounts he is good for several years more in the big brush.

YOU CANNOT BUY HIM FOR MONEY  
Matty's drawing power at the gate is equaled only by that of Maude Adams at the box office.

## LIGHTWEIGHT LIMIT SHOULD BE BOOSTED

Whether the attempt of the New York State Athletic Commission to regulate the weights for the various divisions of boxers succeeds or not the effort is a worthy one. Especially does this apply to the lightweight division. If the commission can do so they intend to raise the figures in the lightweight class from 135 pounds to 138 and this would be a good thing for the followers of the game.

Right now the lightweight limit is 135 pounds, ringside, and this weight works a hardship on lads like "Packey" McFarland, Jack Britton and Willie Ritchie, three of the best boys in the division.

At present, with several ounces in slight gain of this trio could make the present weight, but in making such a weight they weaken themselves to such an extent that they would likely prove easy prey for a boy whose natural weight is 135 pounds and who is very rugged at such a weight.

Until Billy Nolan and Nelson made the 135-pound notch imperative, lightweight boys fought for the title at a weight above that mark and the matches were good ones and there were more good lightweight fights than there are today.

The one bad feature of the proposed new weight is that they are to be made at ringside. Ringside weighing is not a good thing, and the fans would have to care for it. A few hours should be allowed between weighing and actual ring time.

Wolgaist who succeeded Nelson to the title, is also a natural 135-pound boy, but the fact that Wolgaist can make this weight handily should not make it necessary for other boys to make that mark.

At his best, Wolgaist would have absolutely no trouble beating boys like Ritchie, McFarland or Jack Britton at 135 pounds ringside, but any one of the trio would give him a good time at 135 pounds.

For the sake of the boxing game it is to be hoped that the new weight schedule will be adopted. Then we'll have a chance to see some good bouts.

The other weights suggested by the New York State Athletic Commission are: Paperweight, 108 pounds; bantam-weight, 115 pounds; feather-weight, 125 pounds; lightweight, 135 pounds; welterweight, 145 pounds; middleweight, 158 pounds; light heavyweight, 175 pounds; heavyweight 175 pounds and over. These look like ideal weights and their adoption would be a boon to the sport of the glove.

## FANS WANT A SINGLE GAME

The Oahu League will hold a meeting tomorrow night, to determine details of the championship play-off between the J. A. Cs, winners of the first half of the league series, and the Portuguese, who captured the second half last Sunday. The chances are that these two teams will get together in a three-in-five series, commencing Sunday next.

One suggestion which the league management might consider, and which would no doubt prove popular with the fans, is that no certain rule be played in this series. A straw vote would show that the majority of the regular patrons of Athletic Park would much rather see one fast game of ball, getting home in good season, than to watch two disinterested teams which have nothing at stake, amble through a tiresome preliminary.

Why drag in the Hawaiis and Asahis and Stars, all three being complete-

## SPLITTERS JUMP OUT OF THE CELLAR

Y. M. C. A. BOWLING LEAGUE.

	W.	L.	Pct.

Rollers	5	4	.555
Expanders	4	5	.444
Spliters	5	7	.416
Dark Horses	3	6	.333
Breakers	4	8	.333

The Splitters and the Breakers, the two teams that tied for cellar position with the Dark Horses, had it out to decide who would settle in that lowly place for the next week or so, and the result was that the Splitters got the short end, the Breakers taking two of the games by fairly good margins.

For the Splitters, Rietow had both high average and score, 170 and 195 respectively.

For the losers H. White had high score, 172, and average, 158.

**STRIKES AND SPARES.**

C. A. White had a day off.

"Watch the Splitters climb."—Rietow.

STRIKES AND SPARES.  
C. A. White had a day off.

"Watch the Spliters climb,"—Rietow.

Schmidt says he will be in shape soon.

"Gee, but this bowling game is expensive,"—Emmans.

The bowlers are doing more practicing now. Franz says they need it.

In Rietow's first game last night, the pins fell just like Republican candidates.

There were nearly as many splits on the "Y" drives last night, as there were splits in the G. O. P. ticket at the polls.

It will hardly do for both Oahu teams to decorate the cellar in the inter-island league. But you've got to hit the head pin to get the score.

Tonight the Oahus tackle the Kaula team, while the Kamaeas are rolling against the Mauiites. Both of the local teams are confident of rolling 2500 pins each.

ly out of the running, to play a game before the one which the fans are paying to see, and delay the action? That is a question that the league magnates had better ask before making up the play-off schedule.

It would be far better to start the game promptly at 1:30, and finish while the light is still good; than to drag along a double header that people have no particular desire to see.

CRICKETERS TO BE FETED.  
When the Marana docks this afternoon, the members of the Australian cricket team, that has been playing in England will be welcomed by local cricketers, and given as good a time as the short stay of the ship permits. After a tour of the city in autos, the visitors will be whirled to the Country Club for a banquet, at which about 60 will be present.

## YALE GOES BACK TO STRAIGHT FOOTBALL AFTER EXPERIMENTS

NEW HAVEN, Conn. — Football of the old-fashioned type is to be the rule at Yale for the remainder of the season. The coaches have decided to abandon efforts at fancy plays and devote their energies almost entirely to the straight plunging game. The policy is regarded as wise, inasmuch as the team is one capable of great power and can be depended on for short but steady gains through the old reliable type of play.

Fullback "Lefty" Flynn's capabilities as a runner and runner in an open field will round the team's attack to just the extent needed. If the work of the coaches is successful—and everything points to its success—Yale will have a powerful, almost irresistible scoring machine for its final games, its plays depending on strength and power rather than on intricacy and variety.

## These Little Pills from the Orient

will stop all drains and losses. They are worth their weight in gold to all who suffer from nervous exhaustion, either mental or physical. They restore digestion, regulate the circulation, clear the brain, prevent insomnia and impart a magnetic vigor. One box of

## POLITICAL FIGHTS BEING OVER PRIZE FIGHTS TAKE SPOTLIGHT

With election safely over, Democrats and Republicans will step down and out of the limelight for a while, and leave the fighting to those who are paid to do it. T. R. S. hat having been kicked out of the ring by Mr. Wilson, the square circle is once more available for local talent, and political differences will be forgotten next Saturday night when Honolulu ring fans sit down peacefully together to watch Bauersock and Madison perform over the 15-round route.

This mill looks better and better as the date approaches. Both men are out to win by the K. O. route, for the peculiar terms of the articles make it to the advantage of each to get the fight over within the shortest possible time. In fact, Madison won't get a cent of the purse unless he puts the soldier to sleep inside of the fifteen rounds. If Bauersock is on his feet when the final gong sounds, he gets the entire 50 per cent of the gate that is the fighters' share. If Bauersock lasts more than ten rounds, he will get \$100. If, on the other hand, either man is knocked out in ten or less rounds, the successful man gets the entire purse.

This arrangement means a whole lot of rapid-fire milling, and seems popular with the fans. The terms are somewhat unusual, seeing that Madison is giving away some weight to his opponent, but the fact of the matter is that since the last engagement which ended with the disastrous decision of foul in the second round, and gave Bauersock the fight, there has been anything but good feeling between the men. When Madison gets through the ropes at the Bijou theatre next Saturday night, he will be thinking more of flooring the Schofield scrapper than of pulling down the coin. Bauersock can be trusted to return the sentiment.

There has been a slight change in the prelims. Willie, the soldier who was to have gone against Selman, of the navy, in the 8-round semi-wind-up, has been taken ill, and his place will be filled by Trizgal, another fighter from Lohiana, who has to his credit a 15-round draw with Collier Allen. These men are middleweights.

The other preliminary will be a 6-round affair between Layman of the Rukey, and King, of Schofield barracks.

## \$500—\$1000—\$5000 Can Be Invested In a Safe Convertible 6% Investment

You have a positive right to insist upon receiving the full earning power of every dollar you invest.

Safety is ALL important—no other consideration can affect the influence of this vital factor. But the income yield is the real reason for making the investment.

The maximum earning power, consistent with safety, of invested money is absolutely fixed by laws of finance which govern every commercial relation. The individual who attempts to secure more must do so at the expense of safety itself, while the investor who is content with less is depriving himself of what is rightfully his own.

## Safe 6% First Mortgage Bonds

We own and offer First Mortgage Bonds based on improved, centrally located, income-earning Chicago real estate of the highest class.

Securities of this type offer unquestioned safety, with an unusually attractive income yield. They are the one fundamental investment.

In accordance with the rigid and unvarying policy of this house, the value of the underlying security, conservatively appraised, must be at least

double the total amount of the bond issue. The annual income from the property in every case is at least three times the greatest annual interest charge. Every issue is covered by a life guarantee policy from a title and trust company of Chicago, guaranteeing these bonds to be absolute first lien on the property.

These bonds may be obtained in denominations of \$100, \$500, \$1,000, and \$5,000—to mature serially in from two to fifteen years.

For the past thirty years we have sold this class of securities extensively, and it is a significant fact that during this entire time not one client has ever lost a single dollar, either of principal or interest, on any security purchased from us.

Quick convertibility into cash is assured through our custom of repurchasing securities from our clients, when requested, at par and accrued interest, less a handling charge of one per cent.

Interesting literature of extreme value to every conservative investor, including a copy of the semi-monthly Investor's Magazine, will be mailed on request.

A very complete list of carefully selected, specific issues has been prepared. Ask for Circular No. 104.
